Shipping Rules

NovaPromo s.r.o. - internal document - synthetic demo data

Carriers

Domestic parcels in Slovakia are shipped with SPS and DPD. Parcels to the Czech Republic are shipped with DPD CZ. Pallets are shipped with Gebrüder Weiss.

Delivery times

Stock products ordered before 13:00 are dispatched the same business day. Delivery takes 1 business day within Slovakia and 1 to 2 business days to the Czech Republic.

Branded products are dispatched after production, usually 7 to 10 business days after proof approval.

Shipping costs

Shipping is free for orders above 300 EUR excluding VAT within Slovakia and above 400 EUR to the Czech Republic. Below that threshold a flat fee of 6.90 EUR (SK) or 9.90 EUR (CZ) per parcel applies.

Express and urgent shipments

Express next-day delivery can be ordered for stock products for a surcharge of 15 EUR per parcel if the order is placed before 11:00. Same-day courier in Bratislava costs 25 EUR.

For urgent supplier deliveries the incoming goods are prioritised at the warehouse and shipped to the customer on the day of arrival.

Packaging

We use recycled cardboard and paper fillers. Plastic air cushions are used only for fragile glass and ceramic products.
